

Coming Down Over Here by Andrew Duhon c3

[Intro]: G C D G

[Verse]

Well night just turned into morning. But I've been mourning all night.
Lord and it just keeps storming and my power's gone so I'll write by candlelight.
Yea I'm writing a letter, don't know if I'll ever send.
Ain't nothing you haven't heard, just in different words, but I'll tell you again.

[Chorus]:

It says babe it's been storming, at least it has so far.
I guess I saw the clouds forming, but I didn't think it would be this hard.
Oh, and maybe tomorrow, I'll see it all so clear.
Is it raining where you are? 'Cause it's coming down over here.

[Intro]: G C D G

[Verse]

I took a moment to sleep babe, sometimes these days I forget.
'Cause when it was you and me babe, felt like the sun never set.
But, I went and blew out my candle, with just one gentle breath,
but re-igniting the flame, it don't work the same 'less you've got one good match left.

[Chorus]:

C G

And babe it's been storming, at least it has so far.

D C G

I guess I saw the clouds forming, but I didn't think it would be this hard.

C Bm

Oh, and maybe tomorrow, I'll see it all so clear.

D G

Is it raining where you are? 'Cause it's coming down over here.

[Bridge]:

C Bm

And if I should ever see you out there on the street

D G

You try to talk about the weather, or whatever keeps your mind from me

[Chorus]:

C G

I'd say babe it's been storming, at least it has so far.

D C G

I guess I saw the clouds forming, but I didn't think it would be this hard.

C Bm

Maybe tomorrow, Lord I'll see it all so clear.

D G

Is it raining where you are? 'Cause it's coming down over here.

[Outro]:

C Bm

Oh, and maybe tomorrow, I'll see it all so clear.

D G

Is it raining where you are babe? 'Cause it's sure coming down over here.
