

Let It Be Me by Ray Lamontagne (Capo 3rd)

{RIFF}

F C
There comes a time, a time in everyone's life

G
Where nothin' seems to go your way

F C
Where nothing seems to turn out right {RIFF}

F G C Am
There-----may come a time, you just can't seem to find your place

F G F G
For every door you open,[BR]seems like you get two slammed in your face.

F C
That's when you need someone, someone that you, you can call.

G
When all your faith is gone

F C
Feels like you can't go on

F C
Let it be me, Let it be me

G
If it's a friend that you need

F C
Let it be me, Let it be me {RIFF}

F
Feels like you always commin' up last

C
Pockets full of nothin', ain't got no cash

G
No matter where you turn, you ain't got no place to stand

F C
You reach out for something and they slap your hand.

F G

Now I remember all too well

C Am

Just how it feels to be all alone

F G

You feel like you'd give anything [BR]

F G

For just a little place you can call your own

F C

That's when you need someone, someone that you, you can call.

G

When all your faith is gone

F C

Feels like you can't go on

F C

Let it be me, Let it be me

G

If it's a friend that you need

F C

Let it be me, Let it be me

F C

Let it be me, Let it be me

G

If it's a friend that you need

F G

Let it be me, Let it be me

C

Let it be me.
