

# She Comes Down by Matt Andersen (Capo 3rd)

## VERSE 1

I've been a fool, I've been a child.  
Breaking the rules, out running wild.  
Like a true lover, like a good friend.  
She brings me love, with no consequence.

## Verse 2

She asks me why, has it been so long.  
Then she just cried, I knew I was wrong.  
Too many nights, to be all alone.  
With nothing to hold, but a voice on the telephone.

## Chorus 1

She'll be standing, at the door. She'll be waiting, just like before.  
When I get back, from where I've been. She'll come down, and let me in.

## Verse 3

Days go by slow, into the night.  
These rooms get so cold, with no end in sight.  
In my mind she's there, her head on my chest.  
She's home in the east, and I'm out in the west.

## Chorus 1

She'll be standing, at the door. She'll be waiting, just like before.  
When I get back, from where I've been. She'll come down, and let me in.

## Bridge

If it was easy, it wouldn't be right. Time is the darkness, before the light.

## Verse 4

A bottle of wine, and the radio.  
She says she's mine, I tell her I know.  
I'm here to stay, but just for a while.  
She gives me a kiss, and she says with a smile.

## Chorus 2

I'll be standing, at the door. I'll be waiting, just like before.  
When you get back, from where you've been.  
I'll come down... Yes, I'll come down... I'll come down and let you in.
