

# Work Song by Hozier (Capo 3<sup>rd</sup>)

[Intro] G Am [x4]

## [Verse]

G Am  
Boys workin on empty

G Am  
Is that the kinda way to face the burning heat?

G Am  
I just think about my baby

G --No Chord--  
I'm so full of love I could barely eat.

G Am  
There's nothing sweeter than my baby

G Am  
I'd never want once from the cherry tree

G Am  
Cause my baby's sweet as can be

G --No Chord--  
She gives me toothaches just from kissin me.

## [Chorus]

Em D  
When, my, time comes around

G Am  
Lay me gently in the cold dark earth

Em D  
No grave can hold my body down

G --No Chord--  
I'll crawl home to her.

**[Verse]**

G Am  
Boys, when my baby found me

G Am  
I was three days on a drunken sin

G Am  
I woke with her walls around me

G --No Chord--  
Nothin in her room but an empty crib

G Am  
And I was burnin up a fever

G Am  
I didn't care much how long I lived

G Am  
But I swear I thought I dreamed her

G --No Chord--  
She never asked me once about the wrong I did. \*\*\*\*[Back to Chorus] x2

**[Verse]**

G Am  
My babe would never fret none

G Am  
About what my hands and my body done

G Am  
If the Lord don't forgive me

G --No Chord--  
I'd still have my baby and my babe would have me

G Am  
When I was kissing on my baby

G Am  
And she put her love down soft and sweet

G Am  
In the low lamp light I was free

G --No Chord--  
Heaven and hell were words to me. \*\*\*\*[Back to Chorus] x2

**[Outro] G Am [x4]**
