Wasted Time by Larry Fleet (Capo 7th)

```
{Intro} C Em Dm Dm (X2)
{Verse}
       Em
                              Dm
                      Dm
  Girl I know, ya story well
C
              Em
                                      Dm
                                              Dm
  It's a lot like mine, I've been through hell
               Em
                                  Dm
                                          Dm
  This thing we got scares y-o-u to death
       C
                      Em
                                   Dm
                                           Dm
Where do we go when we get outta bed
{Chorus}
                                 Em
We can light it up, we can burn it down
      Dm
                        Dm
Call it quits, anytime but now
Hold on tight, baby turn it loose
       Dm
                        Dm
Tie the knot if you wanted to
                            Dm
                    Dm
Even if we say goodbye
                                        Dm (repeat last 4 chords)
   F
                         Em
                                 Dm
No love ain't wasted time... No-No.......
                                            It ain't wasted time
```

```
{Verse}
                                  Dm
                     Em
                                          Dm
 You can box up your heart, put up walls
            Em
                                      Dm
                              Dm
 Let no one love you, no not at all
                         Em
                                    Dm
                                            Dm
 You can let me knock em down come on in
                                       Dm
              Em
                               Dm
Not worry bout... how it's gonna end
{← Back to Chorus 2x's}
{Post Chorus}
                          Dm
                  Dm
Even if we say goodbye
                          Dm
Even if we say goodbye
                          Dm
                  Dm
Even if we say goodbye
                        Em
                                Dm
                                       Dm
No love ain't wasted time... No-No........ It ain't wasted time
                             C---fade
Em
         Dm
                     Dm
   That's right, it ain't wasted time
```
