

# Other Side of Goodbye by Matt Andersen (Capo 3<sup>rd</sup>)

## [Verse]

W-h-a-t s-h-o-u-l-d I-I-I s-a-y... If I can't s-a-y hello

Do I replay, all the words you, already know

You've moved on... and I promise I'll try

When I see you, on the other side of goodbye

## [Verse]

I've made my bed... and you've made up your mind

To take your love and leave the rest behind

There's no use in wishing, if the well has run dry

When I see you, on the other side of goodbye

## [Bridge]

I've paid my dues... coin has been tossed

I'll follow the rules... though I've already lost

## [Verse]

W-h-a-t will I-I-I be... What will I-I-I do

If I can't open my arms and reach on o-u-t for you

I'll write you a letter... and expect n-o-o reply

When I see you, on the other side of goodbye

## [Verse]

I'll just stand aside... and stay out of y-o-u-r way

And pretend I don't miss you more everyday

I'll put on a smile... until you p-a-s-s by

When I see you, on the other side of goodbye

Oh, when I see you, on the other side of goodbye
