

Love You More and Last by Mike Adams (Capo 5th)

INTRO G C G G

VERSE 1:

Like an Angel in the night. You flew into my life.

You only stayed a little while. But you sure did make me smile.

VERSE 2:

The moments that we shared. I believed you really cared.

And that your love was true. But you didn't know, just what to do.

CHORUS 1:

I love you more and last. Is what you said to me.

Just before you left, what wasn't meant to be.

and even though, I thought it was, 'cause everything felt so good.

But when you left, and I somehow understood...

that sometimes... good love... is not meant for good.

Bridge:

Even with the pain of understanding, and the sting of goodbye.
Our love was never meant to be... No matter how hard we tried.

VERSE 3:

Like an Angel in the night. She flew into my life.
She only stayed a little while. But she sure did make me smile.

OUTRO CHORUS:

I love you more and last. Is what she said to me.
Just before she left, what wasn't meant to be.
and even though, I thought it was, 'cause everything felt so good.
But when she left, and I somehow understood...
that sometimes... good love... is not meant for good.
Sometimes... good love... is not meant for good.
