

# Maggie's Dream by Don Williams (Capo 3rd)

[Intro] G-----C----- [2x's]

[Verse]

G C  
Maggie's up each morning, at four am...

G C  
By five behind the counter, at the diner...

G C  
And her trucker friends out on the road, will soon be stopping in...

F C D G-----C-----  
As the lights go on at Cafe Carol-i-n-a.

[Verse]

G C  
Maggie's been a waitress here most all her life...

G C  
Thirty years of coffee cups and sore feet...

G C  
The mountains around Ashville she's never seen the other side...

F C D G (pause)  
And closer now to fifty than to f-o-r-t-y.

[Chorus]

C G  
Maggie's never had a love... she said she's never had enough...

C D G C  
Time... to let a man into her life... ohh but Maggie has a dream...

G C D G  
She's had since she was seventeen to find a husband and be a wife.

**[Break]** [G]-----C-----G-----C-----

**[Verse]**

G C  
Maggie knows the truckers most by first name...

G C  
What they'll have to say and what they'll order...

G C  
And they take her in their stories to places far away...

F C D G (pause)  
And then leave her with the dishes, dreams and q-u-a-r-ters.

**[Chorus]**

C G  
Maggie's never had a love... she said she's never had enough...

C D G C  
Time... to let a man into her life... ohh but Maggie has a dream...

She's had since she was seventeen to find a husband and be a wife.

**[Outro Verse]**

And she relies upon the jukebox on the lonely afternoon.

But when the business starts to slow down, she plays the saddest tunes.

And she stares off down the highway and wonders where it goes.

With nobody to go home to and it's almost time to close.
