Nobody Knows by The Tony Rich Project (Capo 3rd)

Intro: C---G---Am---G   F---F   C   C

I wish I told her how I felt...   Maybe she'd be here right now... But instead...

[Verse 1]

C   G
   I pretend that I'm glad you went away.
Am   G
    These four walls close in more every day.
          F   G   C   C
And I'm dying inside, and nobody knows it but me.
C   G
   Like a clown I put on a show.
Am   G
    The pain is real even if nobody knows.
         F   G   C   C
And I'm crying inside, and nobody knows it but me. *Yeah... mmm*

[Pre Chorus]

      Am   G
Why didn't I say... the things I needed to say?
F   G
How could I let my angel get away?
        Am   G
Now my world is just a... tumbling down.
F   F
   I can say it so clearly... but you're nowhere around.

[Chorus]

C   G
   The nights are lonely, the days are so sad and...
Am   G
    I just keep thinking about the love that we had.
        F   G   C   C
And I'm missing you and nobody knows it but me.   *Hmm mm*

[Verse 2]

```
C                                    G
   I carry a smile when I'm broken in two.
     Am                    G
And I'm nobody without someone like you.
     F                 G                        C            C
I'm trembling inside, and nobody knows it but me.  Yeah... mmm
C                   G
   I lie awake it's a quarter past three.
              Am                 G
I'm screaming at night if I thought you'd hear me.
            F                         G                C   C
Yeah, my heart is calling you and nobody knows it but me. Well well..
```

[Pre Chorus]

```
        Am                    G
How blue can I get? You could ask my heart.
    F                              G
But like a jigsaw puzzle... it's been torn all apart.
          Am                G
Million words couldn't say... just how I feel.
          F                       F
A million years from now you know, I'll be loving you still.
```

```

[Verse 3]

```
C                              G
   Tomorrow morning... I'm hittin' the dusty road.
        Am                   G
Gonna find you wherever, ever you might go.
            F                        G                C--C
Well I'm gonna unload my heart and hope you come back to me. Yeah Yeah
```
