

The Day I Die by Chris Stapleton (Capo 4th)

[Intro] G* C* G* C*

[Chorus]

When my heart... stops breakin'!

When my eyes... won't cry.

When there's a day... I can live without you, baby.

It'll be... the day... I die.

[Verse 1]

I had never, ever, hurt this way.

The pain is almost more than I can take.

I'd give anything for you to stay with me, and never say, goodbye.

[Chorus]

When my heart... stops breakin'!

When my eyes... won't cry.

When there's a day... I can live without you, baby.

It'll be... the day... I die.

[Verse 2]

I don't understand the reasons why.

Was every "I love you" a lover's lie?

Please tell me that you felt it at the time and that, what we had was real.

[Chorus]

When my heart... stops breakin'!

When my eyes... won't cry.

When there's a day... I can live without you, baby.

It'll be... the day... I die.

[Lap Steel Solo] C* Am C G*

[Bridge]

I have nothin' if I don't have you...

These days all I'm lookin' forward to...

[Chorus]

Is when my heart... stops breakin'!

When my eyes... won't cry.

When there's a day... I can live without you, baby.

It'll be... the day... I die.

[Outro]

Oh, it'll be... the day... I die.
