

In the Cold November Rain by Mike Adams (Capo 1st)

Intro: C Em F C

Verse 1:

C Em F C
Just sittin' here soaked wet, in the cold November rain.
C Em F C
Feelin' low with no place to go and a heart that's filled with pain.
C Em F C
I know it's my own fault, from bad choices that I've made.
C Em F C
and now all I can hope for, Lord is just to make it through another day.

Chorus:

C Em F C
In the cold November rain... I'm feelin' all alone,
C Em F C
with a heart full of sorrow, that seems like it's turned to stone.

Verse 2:

C Em F C
I watch the people walk on by, as I lay here on the street,
C Em F C
and think back to a better time before addiction took over me.
C Em F C
Yeah, I had the big house with a white picket fence,
C Em F C
and an angel for a wife, though I haven't seen her since.

Chorus:

C Em F C
In the cold November rain... been feelin' all alone,
C Em F C
with a heart full of sorrow, that seems like it's turnin' to stone.

Verse 3:

C Em F C
I used to think I was tough... and could handle most anything.
C Em F C
but now I'm just a broken man, can't even find the strength to sing.
C Em F C
I've been lost in the darkness, with no light to guide my way.
C Em F C
I'm just an empty soul, Lord... who's prayin' for a better day.

Bridge:

F G C Am7 F*
Lord please hear me... hear me when I pray... Cause I can't take another day.
F G C*
All I'm askin' for Lord... is to help me find my way.

Verse 4:

C Em F C
Been tryin' to find my way back home, but it's been a long, hard fight.
C Em F C
Since I've hit rock bottom, I can't seem to make it through the night.
C Em F C
So I'm reaching out to you, Lord, with open arms and a humble heart.
C Em F C
Please guide me through the darkness and help me find a brand new start.

Outro Chorus:

C Em F C
In the cold November rain... I no longer feel alone,
C Em F C
Cause the Lord inside my heart, and He's showing me the way back home.
C Em F C
In the cold November rain... I believe I'll find my way,
C Em F C
I know the Lord's shinin' light, will guide me to a brighter day.
C Em F C {let fade}
Yeah, I know the Lord's shinin' light, will guide me to a brighter day.
