Cover Me Up by Jason Isbell (Capo 2nd)

[Intro] G---------C---------G*---------

[Verse 1]

```
           G                          C                      G*
A heart on the run, keeps a hand on the gun, can't trust anyone.
           G                          C                          G*
I was so sure, what I needed was more, tried to shoot out the sun.
                  Em                      C                      G*
The days when we raged, we flew off the page, such damage was done.
             G                          C                          G*
But I made it through, 'cause somebody knew, I was meant for someone.
```

[Chorus 1]

```
   G                          C                      G*
So girl leave your boots by the bed, we ain't leavin' this room.
   G                       C                  G*
Till someone needs medical help or the magnolias bloom.
   Am                     C                  Em     Am7
It's cold in this house and I ain't goin' out to chop wood.
             G                      C                  G*
So cover me up and know you're enough to use me for good.
```

[Verse 2]

```
               G                          C                          G*
Put your faith to the test, when I tore off your dress, in Richmond-on-high.
           G                  C              G*
I sobered up, I swore off that stuff, forever this time.
                  Em                  C                      G*
And the old lovers say, I thought it'd be me, who helped him get home.
               G                      C                      G*
But home was a dream, one that I'd never seen, till you came along.
```

   G   C   G*

So girl hang your dress out to dry, we ain't leavin' this room.

   G   C   G*

Till Percy Priest breaks open wide and the river runs through.

     Am   C   Em   Am7

And carries this house on its stones like a piece of driftwood.

              G   C   G*

So cover me up and know you're enough to use me for good.

G---------C---------G*---------G---------C---------G*---------

   G   C   G*

So girl leave your boots by the bed, we ain't leavin' this room.

   G   C   G*

Till someone needs medical help or the magnolias bloom.

   Am   C   Em   Am7

It's cold in this house and I ain't goin' out to chop wood.

              G   C   G*

So cover me up and know you're enough to use me for good.

              G   C   G *{let fade}*

So cover me up and know you're enough to use me for good.
