

Shoes by Matt Andersen (Capo 6th)

[Intro] C D G*

[Verse 1]

G* D G
I've been leaving early... You've been working late.

C G D*
Without these pictures on the wall... I might never see your face.

G* D G
When I count my blessings... You're always number one.

C G D*
From the sweetness of the moonlight and the warmth of the morning sun.

[Chorus 1]

Em D G* Em
We drift on like ships out on the ocean... But one of these nights,

D G D* G*
We're gonna find a moment to ourselves... I'll mix you a drink...

D G C D G*
You put on a song... We're dancing in the shoes we've got on.

[Break] C D G*

[Verse 2]

G* D G
Let's leave the dishes til the morning... Roll the rug against the wall.

C G D*
In our little kitchen ballroom... You're the fairest of them all.

G* D G
May this song last forever... May the candles all burn down.

C G D*
We'll carry on like lovers... On a night out, on the town.

[Chorus 2]

Em D G* Em
The days fly by... weeks keep on rolling... But one of these nights...
D G D* G*
We're gonna find a moment to ourselves... We'll stay up a little late...
D G C D G*
It won't take too long... cause we're dancing in the shoes we've got on.

[Break]

C D G*

[Bridge]

G* D G
We'll make do with what we've got... For whatever come what may.
C G D*
We've got each other... Nothing else matters anyway.

[Outro Chorus]

Em D G* Em
We drift on like ships out on the ocean... But one of these nights,
D G D*
We're gonna find a moment to ourselves...

[Outro]

G* D G
I'm at work and you're still sleeping... I left before the dawn...
C D G*
We're dancing in the shoes we've got on...
C D G*
Yeah, we're dancing in the shoes we've got on...
C D G {let fade}
We'll be dancing in the shoes we've got on.
