

Still in my Head by Mike Adams (Capo 2nd)

[Intro] C*----- Am*----- F ----- G ----- C*

[Verse 1]

The clock keeps rollin', but it don't fix a thing.
I still talk to your picture, when the phone don't ring.
Coffee's gone bitter, and your chair's still there.
You movin' on easy, or you just don't care?

[Chorus]

You're still in my head, still under my skin.
Every time I let go, I get pulled back in.
Do you lie awake, sayin' my name in your sleep?
Or you free from this mess, while I'm in too deep?

[Verse 2]

Night's got teeth, and it don't let go.
Every bar I walk in, plays the same sad show.
The wind kicks dust, down these broken streets.
Did you shake it off, baby, while I drag my feet?

[Pre-Chorus]

F*

C*

I keep on askin', though it cuts like glass.

F*

G*

Did your heart move on, or you just wear a m-a-s-k?

[Chorus]

C*

You're still in my head, still under my skin.

Am*

Every time I let go, I get pulled back in.

F

G

Do you lie awake, sayin' my name in your sleep?

C*

Or you free from this mess, while I'm in too deep?

[Break] C*----- Am*----- F ----- G ----- C*

[Bridge]

C*

Am*

These streets feel mean, and the sky won't clear.

F*

Every mile I drive, still ends up here.

C*

Call it madness, call it what you will.

F ----- G ----- C*

You might've left... ...but I'm holdin' still.

[Outro]

Am*

Yeah, the clock keeps rollin', but time don't bend.

F ----- G ----- C

Guess I'll love you wrong... ...'til the bitter end.
