

Wrong Turns by Mike Adams (Capo 4th)

Intro G-----C-G----- x2

Verse 1

I was running fast... barely saw the signs.
Looking for something... that was never mine.
Thought I knew the way... but you live and learn.
Life took its shape, through my, wrong turns.

Verse 2

Chased every light... that promised me more.
Left behind... what I was looking for.
Pride kept me blind... while the bridges burned.
About got lost... 'cause of my... wrong turns.

Chorus

Wrong turns... led me down roads I didn't choose.
Knocked me down, but I found the truth.
Hard to look back, but I still learned.
Who I am, came from those wrong turns.

Verse 3

I was stubborn then... trying to feel strong.
Holding tight to things... I knew were wrong.
Life set me straight... with a little burn.
Every scar... came from my... wrong turns.
