

Something in the Air Tonight by Mike Adams (Capo 6th)

Intro C-----F-----C-----F-----

Verse 1

C Am
There's a crowd out on the corner.
F G
Screens lit up like warnin' signs.
C Am
Everybody's throwin' opinions.
F G
Like they're tryin' to draw their lines.
Am F
Feels like truth keeps gettin' bargained.
C G
For a moment in the spotlight's spin.
Am F
And we're all stuck here in the crossfire.
C G
Just tryin' to let a little calm back in.

Chorus

C
There's something in the air tonight.
Am
You can feel it when the noise runs high.
F
People searching for a steady place.
G
On a road that's twisting through the sky.
C
And I'm praying we remember soon.
Am
How to stand together in the light.
F
Yeah, something's in the air tonight.
G
And it's begging us to get this right.

Verse 2

C Am
Lines get drawn without a reason.

F G
Neighbors turnin' into sides.

C Am
Every heart is carryin' somethin'.

F G
That it's getting harder to confide.

Am F
But I still believe in mercy.

C G
In the way a word can change a day.

Am F
If we slow down long enough.

C G
To hear what someone's trying to say. [← Back to Chorus](#)

Bridge

F C
Maybe we've been runnin' too fast.

F G
Forgettin' what we know is true.

F C
But every time we stop and breathe.

G G {let fade}
We find a little more of me and you. [← Back to Chorus](#)

Outro

C {let fade}
Yeah, something's in the air tonight.
