

# Strangers at the Same Address by Mike Adams (Capo 3<sup>rd</sup>)

**Intro** G-----D-----Em-----C-----

## Verse 1

G D  
When did I stop saying good morning?  
Em C  
When did I stop kissing you goodbye?  
G D  
I used to hang on every word you told me.  
Em C  
Now I'm somewhere else behind my eyes.

## Pre-Chorus

Am D  
I catch myself being short with you.  
Am C\*  
Like you're someone I can afford to lose...

## Chorus

G D  
We're strangers at the same address.  
Em-----C-----  
Sleeping close but miles apart.  
G D  
I've been coasting on the love we built.  
Em  
While quietly breaking your heart.  
C G  
I forgot that love is something that you tend.  
D C\*  
Let me find my way back in.

## Verse 2

You've probably noticed — God, of course you've noticed.  
Maybe you've been... pulling back... the same,  
Or hurting in the quiet... waiting for me... to remember why I...  
caaaaaaaa-a-aaaaame. <<< Back to Pre-Chorus and Chorus <<<

## Bridge

Good morning — I mean it... Good morning — I'm back  
I see you... I'm sorry... I'm back...

## Verse 3

I'll ask about your day... and actually listen.  
I'll put the phone down, I'll show up, I'll stay.  
The small things, were never really small things.  
I'm learning that, starting today.

## Outro

The best time was yesterday... The second best time is now...  
Before the distance gets too far to cross... or we forget how.
