

Still Chasing Life by Mike Adams (Capo 6th)

Intro G---Am7----Em---Am7----G---Am7----C---C *(let fade)*

Verse 1

G Am7 Em Am7
Small town lights... late night drives...

G Am7 C---C *(let fade)*
Trying hard... to feel alive...

G Am7 Em Am7
Long roads, hard years... smoke and tears...

G Am7 D---D *(let fade)*
Every turn... led me here.

Chorus

G Am7 C G
I've been living mile by mile... holding on all this time.

G Am7
Some days lost... some days free...

C G G Am7 C G
Still becoming me... the road changed... so did I...

Am7* D* G---Am7----Em---Am7----
But I'm still here... ...still chasing life... ...yeah

G---Am7----C---C *(let fade)*
...still chasing life.

Verse 2

G Am7 Em Am7
There were nights... I lost faith...

G Am7 C---C *(let fade)*
Barely hanging... by a thread.

G Am7 Em Am7
Then love came... out of nowhere...

G Am7 D---D *(let fade)*
Like it found me... standing there.

Chorus

I've been living mile by mile... holding on all this time.
Some days lost... some days free...
Still becoming me... the road changed... so did I...
But I'm still here... ...still chasing life... ...yeah
...still chasing life.

Bridge

I don't need, all the answers. Just a hand when nights get cold.
Now the past, feels lighter. Like the weight... finally let go.
And these days... mean more now... than they ever did before.

Final Chorus

I've been living mile by mile, through the dark and the light.
Every scar, every dream... built the man you see...
The road changed... so did I...
But I'm still here... ...still chasing life.

Outro

Still rolling on... still writing songs...
still chasing life.
