

Living My Childhood Dream by Mike Adams (Capo 6th)

Intro G---C---G* x2

Verse 1

When I was young, I'd sit and play... Dreaming of a better day.
A guitar in hand, a song to sing... That's all I wanted, everything.

Chorus

I'm living my childhood dream... Playing these songs, feeling free.
After all these years, here I am... ...Living my childhood dream.

Verse 2

Life moved fast, I lost my way... Work and worry filled my days.
But deep inside, the dream stayed strong waiting for me all along.

Chorus

I'm living my childhood dream... 'cause that kid, still lives in me.
After all these years, here I am... ...Living my childhood dream.

Verse 3

A little older, a little worn... But a new day has been born.

I pick and sing with all I've got... Grateful for this second shot.

I'm living my childhood dream... being all that I'm meant to be, yeah
After all these years, here I am... ...Living my childhood dream.
