I Forgive You by Mike Adams (Capo 6th)

[Intro] G------Am------C------D------

[Verse 1]
G Am
I've been holding court... inside my head.
C G
Replaying every wrong thing... that I said.
G Am
But the person that I was... just didn't know.
C D
What I know now, so it's time to let it go.

[Verse 2]
G Am
I forgive you for the mess... you thought you were.
C G
You were doing what you knew with what you had.
G Am
Every scar was just the price... of growing up.
C D
And it's time to stop the trial for the past.

[Chorus]
G Am C G
I forgive you... I forgive you... ...Time to let the old war end.
G Am C D G
I forgive you... I forgive you... ...Time to be my own best friend.

[Verse 3]
G Am
I kept my failures... like a lit shrine.
C G
Guilt without a lesson... is a waste of time.
G Am
The cost has been paid off... a thousand times.
C D
No more serving out a sentence... for old crimes.

[Chorus]
G Am C G
I forgive you... I forgive you... ...Time to let the old war end.
G Am C D G
I forgive you... I forgive you... ...Time to be my own best friend.

[Bridge]
Am
Grace is not a thing you earn.
C G D
It's the moment that you turn and say... ...I'm worthy of this life.
Am
No more waiting to be good enough.
C
This is me choosing soft over rough.
Em D C*
This is me choosing to begin again.

[Verse 4]
G Am
I'll hold the broken pieces... with open hands.
C G
Let them catch some light the way that broken things can.
G Am
I'm not the worst thing that I've ever done.
C D
I'm the one who kept on going... and I've only just begun.

[^^^Back Up To Chorus^^^]

[Outro]
G Am
No more chains... no more shame.
C G
Just the quiet peace that comes from letting go.
G Am C D G
I forgive you... I forgive you... Yeah, I forgive you.
