

She's a Guardian Angel by Mike Adams (Capo 2nd)

Intro G----D----Em----C----G----D----G-----

Verse 1

When someone needs a helping hand... Melanie finds a way.
She never waits to be asked twice, She's there without delay.
And though the miles run far between, Ohio and Carolina,
When her aunt and uncle need her, love keeps pulling her beside them.

Chorus 1

She's a guardian angel with a heart straight from above,
Bringing love and light... to the people that she loves.
She may be miles away, but she's never really far,
When her aunt and uncle need her, she'll be right where they are.

Verse 2

She checks in, she makes the plans, She finds a way somehow.
A little time, a helping hand, a simple, "I'm here now."
She gives without expecting, never counting what she's done,
And somehow brings a little sunshine, when the day has lost its sun.

Chorus 2

She's a guardian angel, with a kindness all her own,
Making sure the ones she loves... never feel alone.
Though the road is long between them, her heart knows where to go,
When her aunt and uncle need her, Melanie will let them know...

Bridge

You can't measure love in miles... or count it by the things we do.
Sometimes love... is simply showing up, for someone, counting on you.
And if angels walk among us, I believe that one is true...
'Cause every time they need her, Melanie comes through.

Chorus 3

She's a guardian angel, and her heart shines through,
Always finding one more thing... ...that she can do.
From Ohio to South Carolina... love keeps bringing her near,
And her aunt and uncle know, their Melanie will always be here.

Outro

Some people leave their footprints, some leave a brighter day.
Melanie leaves her heart behind... ...before she goes away.
And wherever life may take her, one thing will always be true...
She'll find her way to those in need... cause that's what angels do. {R&F}
